

HOME GRINDING OF Lime Stone Pays

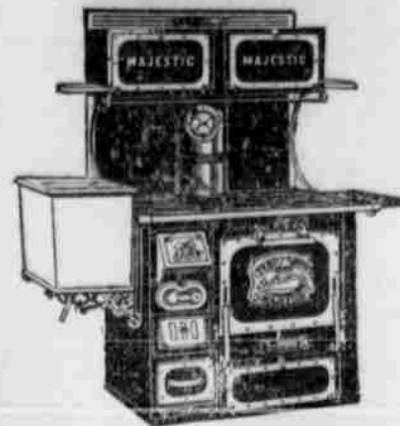

YOU will always have rich land if you will but grind limestone and put it in the soil. Years ago our land was rich. We had a virgin soil, rich in humus--fertile and productive.

But times have brought many changes--the land has been cropped year after year. The same plant foods taken out. Now we must return them.

**Every Neighborhood Should Have a
'JEFFREY LIME PULVER
The Machine That's Made Lime Cheap.'**

Drop us a postal and we shall be glad to mail you a booklet on the value of lime and how to grind it on the farm at the lowest cost.

WHY DO WE HANDLE THE Great Majestic Range?

BECAUSE we wish to handle a range that will give good service--give a dollar's worth for every dollar paid us.

Because we know that when we sell you a MAJESTIC we have won your confidence and respect and lasting friendship.

Did you ever hear of a cut sale on MAJESTIC RANGES? No and we dare say you never will. It's a self-seller--not a price-cutter.

The MAJESTIC has a reputation to uphold. It has been tried and found true. It has no competitor. It is not the cheapest but is THE BEST.

We are the exclusive agent for the MAJESTIC in Christian County and invite you to call and look our stock over.

"HOME BUILDERS"

DON'T fool yourself into thinking you are saving money in buying cheap lumber, shingles or roofing, frames, etc. This lumber you have to load on your wagon with a pitchfork lasts about as long as pat stayed in the army.

We do not recommend that anyone use on any kind of job a poor grade of lumber or frames. There is a world of difference in the grades of lumber and before buying you should either consult a good carpenter and get his opinion or else place your order with us and be assured of the very best for the least money.

Let Us Name You a Price On That Bill.
